HALLOWE'EN SOCIAL AT MISS RANDLE'S

The pupils of the Public School entertained with a Halloween Social at the home of Miss Nina Randle Friday night, Miss Randle kindly tendering them the use of her parlor for the occasion. The guests were met at the gate by two very spooky looking individuals, and on entering the hall found another "ghost" seated upon the stairway beside a glaring jack-o-lantern. A tall black witch riding a broomstick, motioned them to enter a side room where wraps were removed. Entering the parlor the guests found the spacious room decorated with autumn leaves while grinning jack-o-lanterns cast a ghostly light upon the scene. Miss Randle told "fortunes" to anxious ladies and lasses, provoking much mirth. When the guests had tired of this feature, lights were brought in and music and various contests and games indulged in. As the hour of eleven approached the guests seated and large waiters of home-made candy brought in. Each young lady had made a box of candy and brought enough for herself and several others, so there was enough for all and to spare.

Those participating in the evening's merriment were:

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Patron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Be Sure You Get What You Pay For

There's more fraud in shoes than in almost any other article you wear.

Nearly 90% of all shoes retailed for less than \$4.00 have paper, composition, or other substitutes for leather in the heels, soles, and counters.

These substitutes are hidden where you can't see them. You can't detect the adulteration until you wear the shoes and find them unsatisfactory.

The "Our Family" shoe is made of fine box calf and gun metal leathers. Several styles, all sizes for every member of the family.

Last year 646,448 people bought this famous shoe. The two styles here illustrated will show the honest leather construction of the "Our Family" and all other "Star Brand" shoes.

We have one of these shoes cut up to prove its honest construction. Count what you see.

The "Our Family" sells at prices ranging from \$1.35 for the children up to \$5.50 for men. It is a good looking, medium weight shoe—for every day or Sunday.

All the above are "Star Brand" shoes with the name on the sole and the star on the heel. Every pair is made of good leather. No substitutes for leather are ever used.

During the last six months Pure Shoe Bills have been introduced into Congress and several states, forcing us that when substitutes for leather are used the fact must be stamped on the sole.

Many manufacturers and a few merchants are bitterly fighting these bills. From the start the "Star Brand" manufacturers have freely and openly endorsed these bills. They believe in this legislation because it gives you a square deal.

Their business has been built up on honest leather construction. We believe that this is one reason why they have grown so rapidly. If substitutes for leather were better than leather there would be lots of other shoe makers larger than they are.

Every consumer should be in favor of a Pure Shoe law. Every "Star Brand" merchant believes in this great movement for pure leather shoes just as we do, because it insures that the wearer gets what he pays for.

The Oldfield Pure Shoe Bill now pending in Congress should be enacted into a law. The victory should be made complete, because it is a good law. Write your Senator and Congressman and urge them to vote for it.

Bear in mind that there are several different forms of stars used in trade-marks. The genuine "Star Brand" shoe has the name on the sole and the star on the heel.

Very soon you will buy your Fall and Winter shoes. Be sure you get the genuine "Star Brand" shoes. Then you will know why
